Promoter

Bring your people in, and see exactly who came and what they spent.

YOUR ROLE IN ONE LINE

You fill the room. DQ tracks who you brought and what they spent.

YOUR NIGHT, STEP BY STEP

BEFORE SERVICE

1. **Share your link.** Profile → **Referral Link** → copy, then send it to your guests.
2. **Book your guests.** Bookings → + → **Add Booking** → package → guest → table.

END OF NIGHT

3. **Track your night.** Check **Today's Bookings** for each booking's status (confirmed or Seated) and spend.

WHY IT WORKS THIS WAY

One source of truth.

Your bookings sit in the same view as the door and the floor. No group chats or spreadsheets: the host sees your guests, and you see who turned up.
